Can I use this for all in the future? A: OK, I asked the hard question. In short, yes. The thing that makes this thing hard is

that there isn't really a standalone editor that you can download. It is integrated into Sonar X3. There is a new version of Sonar X3 with a huge update scheduled for September, but it isn't ready yet. In the meantime, you can use the "Visual Editing" section of the Sonar X3 as an editor.

So, it is really a feature that is provided within Sonar X3.

This is quite similar to Steinberg's answer - the free version of Sonar X3 is limited to visual editing. Konrad Frieden
Konrad Frieden (1891–1956) was a German graphic artist, teacher and type designer. He is remembered for his influence in the Weimar era of the 1920s and 1930s.

Biography Frieden was born in Kulm, Kingdom of Württemberg, in 1891. He began studies in woodcut and engraving in Berlin and, in 1912, moved to the Städel Institute, where he studied painting, sculpture, woodcuts, and graphics. He graduated from the institute in 1916, having also studied at the Academy of Fine Arts, Berlin. He was a student of Ernst Friedrich Richter, Max Lässig, and Julius Klinger. Frieden was a professor at the Berlin Academy of Fine Arts from 1922 to 1928. He was also a close associate of Dietrich Eckstein. Frieden participated in the Kulturhaus-Aktuell-Kurier in the years 1918 and 1919, and was a regular contributor to the journal Die Gestalten and other publications. He designed the typesetting in Gottfried Benn's *Unterweisungen der literarischen Sprache*, and worked with Eckstein on the design of the texts in the novel *Der Kontraste*. He also worked with the composers Ernst Krenek and Arnold Schoenberg on the script for their opera *Moses und Aron*. In the 1920s, Frieden worked in the Art Nouveau and Art Deco
