All cracks are thoroughly tested before posted, nevertheless we cannot be held liable for any illegal activity. We are not affiliated with any of the software vendors. If you notice any abuse of the terms of use, please contact us.Q: Android viewpager with images loading I am using viewpager with fragments. Now it is no issue, but what to do with images. Can anyone point me to any example of images loading. I have to load 20 images for the each fragments. A: viewPager with static images. for that, you can try this example:
public class MainActivity extends Activity implements OnPageChangeListener, ViewPager.OnPageChangeListener { private ViewPager mViewPager; private List pageBeanList; private CustomPagerAdapter adapter; @Override protected void onCreate(Bundle savedInstanceState) { super.on
