In FIFA 22, you'll also be equipped with a new Away Ball tool to help you command and control the ball while in motion. This will be important during handling situations, such as long passes, through balls and during advanced tactics. With a new Mastery Award for the UEFA Champions League, FIFA 22 will recognize players who are performing well when in possession of

the ball, including long balls, hold-up play and turnovers. FIFA 22 also adds a new preview camera that lets you see the action from all angles in any 360-degree VR FIFA games, regardless of the setting (Indoor, Stadium, Beach, etc.). PREPARE YOURSELF FOR ACTION. THE PAST HAS GONE, THE PRESENT HAS BEGUN. FIFA 22 introduces “HyperMotion Technology,” which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power FIFA 22 gameplay. THE BEGINNING OF THE NEW ERA. FIFA 22 introduces a new concept of Simulation/Gameplay Flow with the introduction of “Styles of Play” mode. Available in-game via the pause menu, the new feature allows you to easily adjust the way you play (Attacking, Defensive, etc.) based on your current

tactics, the opposition team and current phase of the match. This feature is designed to make use of all the comprehensive tactics information, including charts, match-related information, an improved VAR system, and also updates to your way of playing.
