Ruth Ben-Ghiat is a historian and professor at New York University. She is the author, most recently, of *The Many Faces of Fascism: U.S. History, Immigration and the Making of the American Body Politic*. When one of Europe's largest daily newspapers, *Gazzetta di Milano*, recently published an article titled "Two Jews Who Were Mussolini's Spymaster," or "Questione Ebraica: L'israelita Massimo D'Amaro e i «responsabili» della morte di Adriana Picchi, moglie di Mussolini," it was hardly an isolated act. The praise of the two Italian Jews who had been instrumental in the rise of Benito Mussolini — long-time Mussolini adviser and head of the Italian Foreign Ministry, Antonio Salandra, and Jewish official Massimo D'Amaro — is just the latest instance of how the Jewish legacy is being continued and exaggerated in the fascist era. This epithet "Questione Ebraica," or question of the Jews, continued even after Mussolini came to power. It started in the first months of the regime with the Italian euphemism "Dalla Parte Ebraica," or from the Jewish side, a reference to the signing of the Racial Laws in 1938 by three prominent Jewish personalities: Salandra, D'Amaro and Leonetti, who later became interior minister. This led to the banishment and persecution

FIFA is the worldwide phenomenon that had its launch in September of 1992. FIFA has now sold 110 million units worldwide. FIFA 21 raises the bar with more authentic and intelligent gameplay, and a laser focus on authenticity and competition for the sheer fun of it. FIFA Features Authenticity Brush up on your goalkeeping, and challenge your opponents to see which goalkeeper can block the most shots. All 30 soccer leagues are in FIFA 22, and they're re-imagined using the new Frostbite™ engine to feel like you're on the field and in the moment. Every single skill you need to be a complete player - headers, headers, headers - is accounted for. What's New Intelligent gameplay You can now send your defensive players forward to defend the penalty area, or have one of your forwards take a shot. Have a closer look at how your teammates are doing, and how they move based on what they do. Remember to build the right way, and spend your subs wisely. Play the game how you want to play it FIFA 22 gives you more ways to play the game, so get in the game yourself, make your teammates play better, and level up your skills. Accurate motion and controls EA SPORTS FIFA comes complete with an all-new in-game setup tool where you can configure camera angles, ball physics, and

more, all while playing on the pitch. The ball on-screen matches the ball in the game, making FIFA a more immersive, higher-quality, and deeper game. Authentic teams With multiple authentic teams, FIFA 22's team play mode is the most robust in the series. The Frostbite engine lets you play a national team, club, or even an amateur football team. The depth of the game means that you'll need to make good choices when selecting players, as they can affect your ability to attack and defend. Expanded broadcast coverage Experience a whole new level of broadcast coverage with 7 million hours of additional commentary and player stats. Play with the entire team The new squad management system lets you manage the squad from transfer, to tactics, to injuries. While the tactic system is still present, you now have the ability to configure match tactics, as you did in Ultimate Team. FIFA Star Ratings The new FIFA Star Ratings system is designed to provide a means of competitive balance and
